Early Help For Families

What is Early Help?

Providing support and guidance for children and families to reach their full potential at the earliest opportunity

Do you ever feel like you and your family could do with a little bit more support or guidance?

Then this is the place for you!

How can we help?

By filling in an Early Help Assessment (EHA) with one of our workers, you make it possible for us to share information with other professionals who can offer you support with things such as housing, education, health, work etc

But what does this mean?

You give us your consent to access different services that may help you and support you getting where you want to be. It is important to remember that you own the EHA and can cancel it at any time. You may get a Key Worker who you can talk to about any help you need.

Does anyone have to know?

Any information you give us is only shared with your families consent. There may be times when it is necessary to share information such as if someone is at risk of harm or to help prevent crime without discussing it, but it will normally be talked through with you first.

CONFIDENTIAL

How can I get this support?

If you think an Early Help Assessment would help you and your family, please contact 01432 260261 or email businesssupport@herefordshire.gov.uk
